CNW CODE 70

## Turcot Project

### New configuration of autoroutes 720 and 20 West and long-term closures as of December 11

**Montréal, December 5, 2017** – The ministère des Transports, de la Mobilité durable et de l'Électrification des transports wishes to inform road users that new configurations and long-term closures will be implemented in the Turcot area as of December 11. This will cause significant changes in the travelling habits of road users. Major impacts on traffic are to be expected.

The Ministère asks motorists to be vigilant and pay special attention to the orange signs. In order to find your new route, consult the [My Route](#) section on the Turcot website.

For easier travel on the network, use public transportation. Consult the [Mobility Montréal](#) section of Québec 511 to find travelling solutions that fit you.

### Obstructions during the weekend of December 8

- Complete closure of westbound autoroute 720 and autoroute 20 between exit No. 5 – *Boul. R.-Bourassa / Pont Champlain / Pont Victoria* and the entrance ramp to 1<sup>re</sup> Avenue in Lachine – from Friday 11:59 p.m. to Monday 5 a.m.
- Complete closure of ramp leading to southbound autoroute 15 at eastbound route 136 – from Friday 11:59 p.m. to Monday 5 a.m.

### Long-term closures as of December 11, 2017 until 2019

- Closure of the entrance ramp to westbound autoroute 720 from rue Lucien-l'Allier
  - Closure of one lane on westbound rue Saint-Antoine between rue Lucien-l'Allier and the entrance ramp to the autoroute

- Closure of the entrance ramp to westbound autoroute 720 from rue Du Fort
  - Closure of one lane on westbound boulevard René-Lévesque Ouest between rue Saint-Marc and rue Du Fort
  - Closure of one lane on southbound rue Du Fort between rue Baile and boulevard René-Lévesque
- A temporary entrance ramp leading to westbound autoroute 720 will be open on rue Saint-Antoine, near rue Rose-de-Lima
- Closure of No. 2 exit – rue Saint-Jacques from westbound autoroute 720
- Closure of entrance ramps to westbound autoroute 20 from rue Monk and boulevard Angrignon
  - Temporary entrance ramps leading to westbound autoroute 20 will be open on boulevard De La Vérendrye and boulevard Sainte-Anne-de-Bellevue

Note that the ramp leading from northbound autoroute 15 to westbound autoroute 20 will re-open in a temporary configuration as of December 11.

Marked detours will be set up for the various closures in order to guide road users.

In case of bad weather conditions or operational constraints, the work could be postponed.

For more details on the Turcot Project and related work, consult the [Work in progress](#) section of the [Turcot website](#), follow us on [Twitter](#) or subscribe to the monthly [information bulletin](#).
